SUMMARY

Software Engineer. From Tokyo, now in Seattle.

- I care about coding, cats 🐱, and coffee ☕
- I value teams with diverse backgrounds.
- I'm one of only 38,000 female software engineers from Japan.

TECHNICAL SKILLS

W3School, 2018   W3School, 2019

Bachelors of Policy Studies, Chuo University
Tokyo, 🎓 2014

BEFORE TECH

SMBC CA, 2017 - 2018

JETRO CA, 2017 - 2017

Uniqlo Japan Tokyo, 2014 - 2015

Howard Johnson China, 2011 - 2012

AIESEC Tokyo, 2009 - 2012

Highlights

Managed client accounts at one of Japan's top megabanks, **SMBC**; oversaw over $7B USD of loans, deposits, and Forex.

Worked with over 10 Japanese companies to expand their business in the US via market research while at **JETRO**.

Lead a team at one of Tokyo's largest retail chains, **Uniqlo**; set a new daily sales record for our location: ¥20M, nearly $170K.
